We have one of the most unique Toastmasters Conference any District in the world has ever seen. We are excited to be able to offer a brand-new experience as we transition to a virtual platform. After all, we are all leveling up our planning in an ever-changing world.

Toastmasters is a great way to keep working on our skills and growing. With an innovative new platform, the Conference begins long before the actual date. You have access to a fun, social avenue to interact with members from across the bay and beyond.

The theme for the Conference is ***Level Up***. Many of our members have used our online platform to share their thoughts on various topics and to give valuable ideas to all even before the day of the Conference. I hope that this Conference will be the most memorable time for you as we learn from the best in our District as well as from our knowledgeable speakers. Most of all, I hope that we learn new ways to ***Level Up*** our communication and leadership skills.

# TALL TALES

## YOUR TOASTMASTER FOR THE CONTEST

**DECLAN SHALVEY**  
ACG, ALB

---

A Tall Tales speech is a wonderful opportunity to tell stories, stories that both capture and stretch the imagination, stories that keep us guessing even when the story is over, stories that take us back to our childhood when we believed there were no constraints on what was possible. You can make it all up, or exaggerate if that takes your fancy, or you can tell a 'different version of the truth', where fact and fiction are intermingled and inseparable. In my mind, it does not get better than Tall Tales. Believe me!

## **STORYTELLING FOR STORIED TIMES**

Storytelling enables you to create a strong emotional connection with your audience of one or hundreds. Given the unique situation we find ourselves in today, telling compelling stories becomes even more critical and especially useful in a business setting. Whether you are trying to make yourself memorable to someone you meet, or make your audience feel a certain emotion, or even sell an idea, a product or service, your ability to tell a compelling story will ensure that you are able to achieve the outcome you had planned.

In this workshop, you will gain an understanding of the key elements of storytelling framework and apply it to your advantage in your everyday interactions with your customers, prospects, colleagues and even friends and family.

## CANDIDATE FOR DISTRICT DIRECTOR

**VAIBHAV SINGH**  
CC, CL

My journey as a toastmaster has been about one core belief: 'with enough persistence and focus, anything is possible'. And Toastmasters has not just been a platform which allowed me to fail and succeed, but more importantly it has been a community that always supported me. From my fellow members and mentors, I did not just learn about being a better speaker or leader, I learned about empathy, human connection, the power of teamwork and service.

As the candidate for District Director for 2020-21, my vision is to establish a culture in our district where we become a community where we never lose sight of our goals, we persist, we reach out, we help and ask for help, and that we uphold our core values of Integrity, Service, Respect and Excellence, and we cherish what extraordinary privilege it is to be a part of Toastmasters community.

## CANDIDATE FOR PROGRAM QUALITY DIRECTOR

**SHYAMALA SISTA**  
DTM

Toastmasters is a life-changing program. I grew from a passive listener to a fearless leader. I no longer think twice when I see a leadership opportunity open because I know I can help towards making a fundamental difference. I want to bring that Toastmasters value to each member in our district.

These changes cannot be made overnight or by only one person – I have a great team that is willing to help our members to attain their educational goals.

Currently as Club Growth Director, I am proud to share that District 101 is enjoying its most successful year with club growth and membership payments since it was formed in 2016. I learned a great deal of what it means to be a district leader and how to lead by example.

A Toastmasters' journey is incredible! One will grow personally and professionally with the side effect of making like-minded friends for life! Join me on this journey.

## CANDIDATE FOR PROGRAM QUALITY DIRECTOR

**YIFANG XU**  
CC, CL, PI5, VC1

Seeing others grow is the most rewarding part of Toastmasters. As a past Area Director and Division Director, I have helped dozens of clubs achieve excellence. I'm excited to help more clubs and leaders as Program Quality Director.

Through my years in District Leadership, I've observed that clubs have different strengths they can share with others. As Division Director, I advocate collaboration between clubs. Now I see clubs stepping up to help others and seeking help from others, most recently during the online contest season.

My vision is to see every member in every club being fearless to speak, stay, and serve. To achieve this, the District will serve as the platform of continuous improvement of club quality. I will create a system in which each club addresses one challenge at a time. This system will rely on the collaboration of District leaders and club officers. Together, we can build an environment of continuous improvement that people find valuable and worth staying for.

## CANDIDATE FOR CLUB GROWTH DIRECTOR

**EDWARD SUH**  
ACS, ALB

I still remember the very first Toastmasters meeting I ever went to and I was as nervous as ever. I didn't know anyone and felt out of place, but then the President of the Club warmly welcomed me and gave me a great big smile! I'll never forget that!

I would never have imagined then, that today I am serving as a Division Director. I am so grateful to Toastmasters for the skills I have developed in Public Speaking and Leadership. To me there is no greater accomplishment than to serve in an amazing non-profit organization like Toastmasters.

I have experienced first-hand the need and value of Toastmasters! It would be my honor to serve as the Club Growth Director and to engage as many members and future members as possible. Toastmasters has made such a positive impact in my life and I'm certain it will change their lives as well.

# CANDIDATE STATEMENTS

## CANDIDATE FOR DIVISION A DIRECTOR

**MEGAN MAYER**  
ACG, ALB

In my three years at Toastmasters, the educational program has consistently impressed me with its application to our personal and professional success. I am therefore “All In” to serve my Area, Division, and District as best I can.

With Pathways and COVID-19 changing our programming and delivery, our opportunities for growth expand exponentially, due in large part to District 101’s fabulous project teams. If we stay safe, stay calm, and stay open, we will experience more growth this year than many of us have in the last decade. District 101 is the place to be during times of change, and I want to be on your team.

My goal this year is to support our clubs as we develop online delivery of programming, new member recruiting, and training for online organizational management.

Please join your fellow Toastmasters on this exciting journey, and please vote for me as Division A Director.

## CANDIDATE FOR DIVISION B DIRECTOR

**SHARON CHEN**  
ACG, ALB

I first joined Toastmasters to improve my speaking skills and thought I would stay for one year. It has been over 5 years and I’m still here. I stayed because I gained valuable life skills in communication, leadership, and coaching. I have enjoyed serving as a club officer, club mentor, and Area Director to help others in their Toastmasters journey.

As a Division Director, I hope to apply my experiences to help guide new Area Directors for an enjoyable and successful tenure. Each club has a unique culture and vision. As leaders, it is important for us to understand and work with the natural strengths of each club. I hope to support strong clubs so they continue to thrive. I plan to share strategies and tools to help struggling clubs develop a strong foundation by giving value to their members for lasting success. Strong clubs lead to a strong Division.

# CANDIDATE STATEMENTS

## CANDIDATE FOR DIVISION C DIRECTOR

**VENKATESH RAGALA**  
ACS, ALB

My Vision for District 101 Toastmasters 2020-21 is to have high quality club meetings online or in person and achieve President's Distinguished Division C! My Mission is to empower the Division C Area Directors to create high quality clubs with well-trained officers and best practices learned from other clubs and other seasoned officers!

I've learned a lot and improved myself while serving as Area C3 Director, Broadcom-Orators Club President, Applied Materials Toastmasters Club President, VPE & Treasurer roles.

It would be an honor for me to represent Division C for 2020-21. I sincerely hope I will be able to make substantial contributions in this role and help Division C.

## CANDIDATE FOR DIVISION D DIRECTOR

**GAVIN WANG**  
CC

Generative listening and speaking lie in the heart of high-performance leadership. By taking diverse leadership roles in clubs and areas, Toastmasters has transformed my speaking and listening into being more vigorous and productive, with the creation of values benefiting all participants regardless of the content of the communication.

More importantly, such generative communication honed from Toastmasters has spurred new possibilities in every aspect pertaining to career productivity and enjoyment of life. This inspires me to pursue the position of the Division Director.

My vision for Division D is to become a high-quality community that connects extensively both online and offline. As Division D Director, besides basic responsibilities, I will focus on inviting renowned Toastmasters like varied contest winners and leaders in the Bay Area and around the world to present online educational meetings weekly in terms of making the whole Division stronger both internally and externally.

## CANDIDATE FOR DIVISION E DIRECTOR

**KALPANA ARODA**  
ACB, DL4

The adventure of personal growth exposed me to the amazing organization that Toastmasters is. Each week, simple speeches, building relationships, and valued feedback left me eager for more. Serving as President, VPPR, VPM, Treasurer, and Area Director has made this personal growth journey memorable to say the least. I look forward to helping others grow with as much fun.

Standing in my first ever Toastmasters meeting and trying table topics as a guest, I would never have thought the tremendous impact this program would have on my life. Serving as an Area Director in 2019-2020 made me realize the focus, planning, and thought process that goes behind making each club and in turn each member successful. I hope to serve the district in the capacity of Division Director and continue to help members thrive and make clubs successful.

## CANDIDATE FOR DIVISION G DIRECTOR

**JACKIE LAW**  
LD2

I joined Toastmasters just two years ago as a charter member for my home club; one year later, I decided to challenge myself and apply for the role of Area Director. From barely participating in Toastmasters events beyond my own club meetings to attending other clubs' meetings and District events, my eyes opened to the greater Toastmasters community.

Since taking on a bigger role in Toastmasters, I have learned much about what it means to be an avid Toastmaster, an articulate communicator, and an unflappable leader. Toastmasters truly is a program where you get out of it as much as you put in!

I know many fellow Toastmasters are like how I was and only attend club meetings. My goal as Division Director is to pay it forward and inspire other members to explore beyond their own clubs and open their eyes to the greater world of Toastmasters.

# INTERNATIONAL

## YOUR TOASTMASTER FOR THE CONTEST

**ALYSON KING, DTM**

---

This year our international organization will Level Up by going virtual. In fact, it's very survival depends on it right now. To meet we must link. Now we are able to join meetings we would never have dreamed of attending before Zoom became a household name. We can drop into meetings in other countries, even other hemispheres.

So while this year's contestants have come from within our own District 101, there could well be fellow Toastmasters watching now from the other side of the globe. And here, in this conference, we get to see how our contestants have Leveled Up to inspire us and touch our hearts through the screen. I'm thrilled to be part of this showcase event to witness their cutting edge approaches. Let's expand ourselves and learn from some of our most gifted members how to keep the human connection real in a virtual setting.
